**NATIONAL FOREWORD**

This Indian Standard which is identical with ISO 22313:2012 'Societal security -- Business continuity management systems --- Guidance ' issued by the International Organization for Standardization (ISO) is proposed to be adopted by the Bureau of Indian Standards on the recommendation of the Management and Productivity Sectional Committee and approval of the Management and Systems Division Council.

The text of ISO Standard has been approved as suitable for publication as an Indian Standard without deviations.

Certain conventions are, however, not identical to those used in Indian Standards. Attention is particularly drawn to the following:

Wherever the words 'International Standard' appears referring to this standard, they should be read as 'Indian Standard'.

In this adopted standard, reference appears to an International Standard for which an Indian Standard also exists. The corresponding Indian Standard, which is to be substituted in its place, is listed below along with its degree of equivalence for the edition indicated:

<i>International Standard</i>	<i>Corresponding Indian Standard</i>	<i>Degree of Equivalence</i>
ISO 22301, Societal security — Business continuity management systems — Requirements	Doc. No. MSD 04 (12378)/IS/ISO 22301 Societal security — Business continuity management systems — Requirements (Under adoption)	Identical with ISO 22301:2012

The technical committee responsible for the preparation of this standard has reviewed the provisions of the following International standard referred in this adopted standard and has decided that it is acceptable for use in conjunction with this standard :

<i>International Standard</i>	<i>Title</i>
ISO 22300	Societal security — Terminology

**Note :** The technical content of the document is not available on BIS Website. For details, please refer the corresponding ISO 22313:2012 or kindly contact:
