ABOUT NITS

The **National Institute of Training for Standardization (NITS)** was set up under the aegis of BIS in 1995 to meet the growing needs and expectations of the industry for quality training in the fields of standardization, quality assurance, management systems, certification, laboratory testing, etc. Since then NITS has been organizing various types of training programmes for industry as well as for consumer bodies and common man. NITS has also been organizing various International Training Programmes for Developing Countries of Asia, Africa, Europe and Latin & South America. The programmes are conducted by a team of well-experienced, qualified and trained faculty.

Keeping in view its expanding activities, NITS started functioning from its new premises in Noida from May 2003.

OBJECTIVES OF NITS

Being a part of an organization that is over sixty years old, it is essential that the experience, expertise and knowledge gained over the years be shared with the present generation for current and future use. Further, with globalization and integration of global markets; standards, standardization and conformity assessment are assuming increased importance. It is therefore essential that scope for acquiring appropriate knowledge of the subjects of standardization and conformity assessment are available in the country. NITS imparts training to various stakeholders in the field of standardization, quality and conformity assessment through various training programmes that address the growing needs of stakeholders and accounts for global trends in the relevant areas. Through these programmes, NITS intends to play a significant role in national development effort by imparting knowledge, training and capacity building, creation of intellectual property and developing quality culture in the country.
